

Jersey Gift Support

Jersey tax certificate for charitable donations

If you live in Jersey and pay income tax, you can give money to registered charities using the 'Jersey Gift Support' scheme. The charity will receive an extra 25 pence for every £1 donated.

If you make a lump sum donation of £50 or more, or commit to regular donations that amount to £50 or more in the year, the charity can claim the tax back.

If you make regular donations that amount to £50 in the year and make multiple lump sum donations of £50 or more, you must complete more than one form.

You must provide all the information requested.

If you pay less income tax in a year than the amount of tax reclaimed by the charity, you may be asked to pay the difference. Your total donations must not exceed £500,000 in any one calendar year.

I confirm that I will be making regular donations that amount to, or a lump sum donation of, £50 or more this year, and I want the charity to claim the tax on these donations. *

Please return this completed form to the charity by email or post. The charity will retain your information in line with their own data protection policy.
